ABOUT RECYCLINGBIN.COM

Recyclingbin.com is committed to providing the best designs, graphics and materials in order to save your company or facility money and efficiently recycle and sort waste. Our commercial recycling bins, trash containers and donation bins are all created to make life easier for everyone involved in the collection process. Our lightweight units are easy to handle, pack flat and ship inexpensively directly to your facility. Our high end containers ship assembled and are all created to be used as standalone bins or in sets as multi-sort collectors. All of our recycling and trash bins are recyclable and can be custom printed with your messaging and/or logo.

BENEFITS OF OUR BINS

- Recycled - All of our bins are made with recycled content
- Recyclable - All of our products are 100% recyclable
- Eco-Friendly - Packaging is produced from 100% recycled content
- Fuel Saver™ - Products engineered to ship flat to minimize environmental impact
- Made in the USA
- Manufactured and shipped directly from our facilities

COLLECDONATOR®

The CollecDonator® is a large capacity, high security, clothing donation bin. These sustainably designed donation bins are available in Radiant Blue and White Powder Coating. Galvanized steel construction with fade-resistant powder coated finish has proven itself to be the industry leader for over a decade.

SPECIFICATIONS
